ABOUT THE FLOWER MOVEMENT

The Flower Movement is a grassroots effort intended to bring the floral community together by highlighting the work done by those that drive the industry forward. Originating from a vision held by Wholesale Florist & Florist Supplier Association's (WF&FSA) 2021-2022 President Gabriel Becerra, the goal is to create an environment for collaboration, storytelling, and oneness.

With consumer floral demand at an all-time high, we need a platform to tell our collective stories and share successes. So much good is already happening in and around our local communities, with flowers as the impetus. **The Flower Movement** is the force to unite and showcase those stories.

THE MISSION

The Flower Movement is **not** an initiative to promote end consumers to buy more flowers for business gains; rather, it **is** the catalyst to encourage and promote community activism and collaboration among individuals with a passion for flowers and a love for how flowers provide social, emotional, and mental well-being.

HOW DO I GET INVOLVED?

We would be thrilled to have you become a part of this most important initiative by sharing the transformational work you are already doing within your community.

Think About the Following:

- What positive impacts are you making in and around your local community?
- What types of corporate social initiatives are you undertaking?
- Where are you witnessing the greatest impact within your community?
- How are you using flowers to spread love, happiness, and cheer?

FLOWER MOVEMENT AWARENESS WEEK

While the Flower Movement is intended to be a year-round effort to bring the floral community together, during **August 8-14, 2022**, WF&FSA will launch Flower Movement Awareness Week. Look for more information to come from the WF&FSA Office about various awareness week activities. In the meantime, check out page [O8](#) to begin planning.

ALREADY GIVING BACK TO YOUR LOCAL COMMUNITY?

If you're currently involved in giving back initiatives where you're using flowers to spread love, happiness, and cheer, we invite you to share your story with WF&FSA so that we can help you spread the word and encourage others to join the movement.

Contact WF&FSA at marketing@wffsa.org with your story.

FLOWER MOVEMENT AWARENESS WEEK

During **August 8-14, 2022**, WF&FSA will launch its **Flower Movement Awareness Week** where members of the floral community can come together in a concentrated effort to support the cause.

Throughout the week, we are asking supporters of **The Flower Movement**, individually or company-wide, to get involved in their local community and share the emotional, physical, mental and healing power of flowers with others.

GETTING STARTED WITH AWARENESS WEEK:

1. Discuss internally all the ways your company can give back. Suggestions include donations of flowers to local and national organizations; partnering with other industry leaders and movements to spread the joy of flowers; sponsoring floral educational programs, trainings, and workshops; or planting community gardens.
2. Connect with a local organization, hospital, nursing home, or community center and ask how you can share the joy of flowers with their community.
3. Share your awareness week activities with WF&FSA and our **#OneFlowerFamily** by taking pictures, posting to social media, and using the hashtag.

For more information on how you can join the movement, contact WF&FSA at marketing@wffsa.org.
